For clarification:

1. You say the original settlement agreement was silent on the establishment of a special account, correct?
2. What is the projected dollar amount of future costs for work that will be performed and covered by the special account?

Thanks.

I only know we issued memos to Linda Long. I don't know about Cincinnati.

Is that how we've requested it in the past? If you're not sure, I'll follow up with Cincinnati.

Will you need this request in a memo format?

I believe we can set up a special account for the West Lake Superfund site and when we collect oversight costs under Admin. Order now in effect, it can go into it. Do you agree and if so, will you forward this to John Phillips in FNMD so we can get it set up. This is the AOC in effect:
